Part 1 — General Information & Disclosure

Describe what is being proposed, including changes to facilities, changes to animal numbers, or changes to types of livestock, e.g., beef, dairy, hog, poultry, etc.

We are proposing to replace our existing layer barn, and replace it with a free run, free range layer facility which in size would house 30,000 organic layers. Existing old barn due to ever changing regulations only houses 12,000 birds at present. Old barn location is on home quarter (SE 03 36 13 W4) as proposed new site would be across road on location as per above.

In Summary: Proposing to build a new 30,000 organic layer facility to replace our existing 12,000 layer barn.

Livestock Numbers: (include all permitted and proposed livestock). Note: If total livestock numbers increase in your Part 2 application, a new Part 1 application must be submitted which may result in a loss of priority for minimum distance separation (MDS).

Livestock category and type (Available in the Schedule 2 of the Part 2 Matters Regulation)	Permitted livestock numbers	Proposed increase or decrease in number (if applicable)	Total
Farrow to finish	450 sows		450
dairy operation	200		200
